WEDDING PHOTOGRAPHY

Hello!

Thank you so much for downloading this guide!

I've tried to keep it short and sweet and useful, so if there is anything you'd like more information about, please get in touch.

My contact details are at the end.

HOW IT WORKS

**START HERE:
CHECK I'M
FREE ON YOUR
WEDDING DATE**

Check Availability

STEP 1: LET'S HAVE A CHAT

Book a free 30-minute connection call (over the phone, online or in person.)

During this you can ask me any questions you have and tell me all about your wedding plans.

STEP 2: CONFIRM YOUR BOOKING

When you've decided it's a yes, I'll email you a contract and invoice.

A non-refundable fee of 10% is required immediately to secure your date and cover administration costs.

STEP 3: CATCH-UP SESSION

This usually takes place 2 weeks before your wedding day and is simply a chance to fill me in on the final plans for the day.

STEP 4: WEDDING PHOTOGRAPHY

I'll arrive on time and with everything I need to capture this wonderful moment in your portrait of love.

I'm known for staying in the background, so unless you seek me out, you'll barely notice I'm there.

STEP 5: GALLERY VIEWING

Sharing your wedding photographs is one of my (many) favourite things, so I like to do this in person where possible, or online within 12 weeks.
